Newton

To fully digitize your business, you need a solution that can elevate your retail operations to a whole new level. Built through innovation for the 21st century retailers, the possibilities of shelf labeling with Newton is limitless.

Changing batteries every five years is now a thing of the past. We have managed to increase Newton's battery life to an unparalleled ten years.

It is up to ten times faster than any other label on the market — three thousand labels are updated in five minutes by just one gateway.

Newton has virtually unlimited possibilities with LED blinking, interactive two buttons, IP67, durability and real-time speed. This makes Newton the top choice for you.
